

AIR-COOLED CONDENSER "OFFSHORE"

Offshore Solutions

EVAPCO Europe designs and manufactures units built to withstand even the most demanding environments in the world. Our solutions are **fully customized** to meet **specific operational and environmental requirements**. Therefore, we also offer consultation on the design and optimal placement of the product. We use our own calculation program, **CoilCalc**, which is based on documented and thoroughly tested values. These values are derived from tests conducted at our test center in the USA.

Features and Benefits:

- Customized solutions tailored to customer needs
- Material traceability
- Production traceability via ITP
- 3D modeling and CAD drawings
- FAT (Factory Acceptance Test) before shipment
- Pressure testing, etc.

We offer, among other things:

- Documentation package
- Third-party quality documentation
- PMI (Positive Material Identification)
- Structural calculations
- Endoscope inspections

Operating Diagram:

Fin block

- Wide selection of materials for fins, tubes, and frames
- Possibility of subsequent coating of the heat exchanger

Protection

- Stainless steel 316L fin protection with special mesh size
- Protection of the heat exchanger with SS316L casing

Electrical Connections

- Wide range of switches
- Offshore approved cables Cables approved for offshore use
- Options for junction boxes and/or control systems

CONDENSER MORE™

Fans

- Wide selection of fan configurations
- Options for full stainless-steel fan solutions, treated aluminum, or coating options available
- Anti-condensation heating element

Construction

- Special SS316L-designed frame mounting
- Easy handling & installation
